SENATOR ROSILICIE OCHOA BOGH:

Working Across the Aisle to Restore the American Dream.

> FIGHTING TO LOWER TAXES & FEES:

Earned an A+ rating from taxpayer groups for her strong record of opposing tax hikes - including calling for a suspension of California's 58 cent gas tax, preserving Prop. 13 protections, and urging the California Public Utilities Commission to reject the implementation of an uncapped fixed charge on all electric bills.

> DEMANDING ACCOUNTABILITY:

Led efforts to make government spending fully transparent by advocating to require state agencies administering homelessness programs to report both costs and outcomes annually to the public, and pushed for strict oversight of the Employment Development Department's implementation of the State Auditor's recommendations to address widespread theft and mismanagement of unemployment benefits.
